

Journal of Economics,
Theology and Religion

JETR

Volume 1, Issue 2, 2021

Mission

The Journal of Economics, Theology and Religion is an online and open access academic journal. It aims to be an independent, international, and interreligious platform for interdisciplinary debate. It seeks to bring together economists, theologians, and scholars in religious studies, by publishing peer-reviewed original research. Our hope is to find intersections, create dialogues, and offer new interdisciplinary insights and perspectives. Launched in 2020, the journal is published bi-annually by the Erasmus Economics and Theology Institute (EETI) of Erasmus University Rotterdam, the Netherlands.
